UPGRADE TO A HYDRAWISE WIFI CONTROLLER!

Did you know you can save up to 50% more water by simply adding a smart controller and sensors to your irrigation system? A smart controller automatically adjusts watering based on internet-sourced local weather data, while sensors add valuable information about your specific property needs.

Our team at Allen Outdoor Solutions is happy to provide the latest irrigation technology to improve the way your landscape is irrigated and maintained.

We use Hydrowise™ smart controllers and sensors from Hunter Industries. Let us help you save money and maintain a healthy, beautiful landscape.

*****One hour of labor is included for each visit in service programs. Any additional labor over one hour will be billed at \$100.00 per man hour in quarter hour increments and you will be charged for any parts and materials used. Please be prepared to pay any additional charges at the time of service. Prices subject to change but you can lock in this labor rate for the entire season with a maintenance agreement. Maintenance agreements are transferable, but are not refundable. All service calls must be scheduled with the homeowner so that someone will be there for the appointment. A trip charge of \$55.00 will be assessed for each missed appointment.**
